

## Veterans Home - Chippewa Falls

### Veterans Home Covid Update 11.2.2020

Dear Family and Friends:

We had four staff members show symptoms consistent with COVID-19 in the last 72 hours. All are getting tested and two have come back negative for COVID-19 thus far. Despite this news, we are grateful that two more employees are no longer COVID-positive.

Here is our current information:

Current Active COVID-19 Confirmed Positive:	5 (one member, four employees)
Current Active COVID-19 Suspected:	0
Cumulative COVID-19 Confirmed Positive:	16 (two members, one contracted individual, 13 employees)
Cumulative COVID-19 Suspected Positive:	2 (one member, one employee)
Total Recovered Individuals:	13 (two members, ten employees, one contracted individual)

We are also happy to have all negative results back from our member testing last week. Some of the employee results are still pending from late last week.

We plan to communicate again tomorrow. Your perseverance through this pandemic is much appreciated.

If you have questions, concerns, or would like any other family members added to our communications, please reach out to Katie Plendl at 715-720-6775 or [Veterans.Home-CF@dva.wi.gov](mailto:Veterans.Home-CF@dva.wi.gov).

Thank you,

A handwritten signature in black ink, appearing to read "Megan M. Corcoran".
